Dr. Rose,

I have made an enquiry into what you ask me to investigate about the transfer of your funds which you have tried to sort out for some time now and still face difficulties due to some certain reason which happen to be a problem from the Bank, as you read my email please hold your heart and don't get hurt because the only family you have now still happen to be Mr. Lars Krister E. who has a valid details and the approval to have full access to the funds which you have endows as beneficiary.

I contacted Mr. Fredrick Noel who happens to be the head of the British international money laundry here in England about the problem why there has been delayed with the transfer of the

funds to beneficiary whom you presented who happen to be Mr. Lars Krister E. after the issue of the release of fund documents. According to him there are some complication with your transfer as they tries to finalized the transfer of your funds to your presented beneficiary Mr. Lars Krister E. and they found there if a diversion of 50% of the total amount of the funds fund, according to him as soon as the transfer goes through the 50% of the funds will goes to the account of Mrs. Katherine Arr and after much investigation she happen to be the wife of Mr. Jonathan Arr, though nothing has been said to him so far but i still need more facts to closed on him before he gets out of hands. Mr. Fredrick Noel has just open this secret to me because of how introduced myself to him and my personalities as a lawyer and has ask me to be confidential about it and you too please for security reasons according to him because he need more facts to get Mr. Jonathan Arr for the diversion of your funds.

He has ask me to present the copy of the documents of release of funds for further procedure of you stand to lose 50% of the funds to Mrs. Katherine Arr, because Mr. Jonathan to get some documents which he still trying to present, act fast because i will advice you get back to me while i get through to him. I have already explain to him the pain your have been through.

Hear from you Soon

It has been a very long Friday for me doing all i can to handle the situation for the successful of the transfer of your funds to Mr. Lars Krister E. whom you have presented as your beneficiary as indicated in the transfer details, though it has not been easy but the availability of the documents your sent across to me has made things more easy for me and the good news is that the transfer has been stopped successfully because if it proceed your will loss 50%, but the good news is the money is still in place, previously was 2,228.340.00GBP plus the 22,290.00GBP draft that was raise recently making the total amount 2,250,630.00GBP .

But because today is Friday the process ended this way to start off on Monday with the new process which he has promise to let me know as soon as he get the information from the British international remittance on what is needed for the full money to go into Mr. Lars K. Dr. Rose,

How are you doing now? It has not been a easy day for me to get things fixed for the funds to be transferred as soon as possible. The good news is that i have been able to save your funds and open a new account for the funds to be deposited which bears your full details and also have been linked to Mr. Lars Krister E. account at SWEDBANK in Sweden for final accreditation of the 2,250,630.00GBP.

According to the Bank i have to raise a refundable draft of 40,000.00GBP and the sum 5,020.00GBP for transfer charges making the total amount needed to complete the transfer amount to the sum of 45,020.00GBP, which i have already started working on though it's not going to be easy for me but i have ask some persons who have promise to lend me, so far i have been able to raise 24,000.00GBP which I will pick up in cash in the morning and still having 21,020.00GBP to go.

I have to use this option because i am not authorized to access the funds till it has been finally transferred to Mr. Lars Krister E. account in SWEDBANK for security reasons which has save the funds from being tempered by Mr. Jonathan Arr and his evil plans, attached you will find the stop other document of the funds that was issued 10/04/2013 and the deposit slip which i used in depositing the funds to from the British international money laundry lock with my name to your new account which they say will only last for 10 working days because i don't want more extra charges on you, i am hoping to get the full cash tomorrow for the funds to go through please inform Mr. Lars Krister E. to make sure he transfer these funds back to me as soon as he confirm the money in his account, i will keep you posted as soon as the money go through.

Hope to get back to you soon

Mr. William Stockford

Dear Lars

Mr. Stockford is having a problem with the raising the money for the draft and charges, according to him a friend who has lend him money for the opening of the account and the activation was only able to raise 23,000GBP and still needed the balance of 22,020GBP and now asking for our help and support so that he can be able to get the money through am worried, please get back to me i don't have any other person to ask than you, read email below for more details.

It's has been a very long busy stressful day down here trying to fix the money problem, my friend who helped me with the money for the opening of the account and the activation which costs me

32,780.00GBP. When this came up i have to ask him again for the 45,020.00GBP to sort this problem for the refundable draft of 40,000.00GBP and the 5,020.00GBP for transfer charges for further accreditation of the funds to Mr. Lars Krister E. account at SWEDBANK in Sweden.

After much he was able to raise me the sum of 23,000.00GBP leaving me with the balance of 22,020.00GBP to make up the total amount 45,020.00GBP, that is how far i can go because he is the only hope am having to raise this money wish has left me half way to achieving getting the funds through, Mr. Lars Krister E. account at SWEDBANK "so sorry to inform you about this because i know how it will make you feel but i have no other option than to inform you the situation on ground". I am requesting if you can ask Mr. Lars Krister E. your fiancé if there anything he can do to raise the balance of the 22,020.00GBP. Because the account which i open for the money to be deposited was only for 10days due to the reason that i don't want any more charges on your side and also to wave some other in your own benefit since you are not saving the money here in the United Kingdom. Inform him about it so that he can act because the bank want me get bank back to them because they have every other thing in place already for the transfer to be completed, hope to hear from you soon.

Keep me posted

Mr. William Stockford

Dear Lars,

I have use this last option i have to raise money which is using my car as a collateral and was only able to raise 7,000GBP please i will advice you plead with your fiancé Mr. Lars Krister E. to put in effort in trying to raise the money because i saw all your effort and his in this course so far. Now we are having 15,020to go please tell him to put in more effort and stop thinking losing the funds at this point as the only option.

They are doing all they can to make sure no mistake when the funds go through because of Mr. Jonathan Arr attitude regard toward the funds, the last time while trying to divert the funds to his wife account, they are putting all details in place to clarify so that the transfer of the fund can get through to Mr. Lars whom you have presented as your beneficiary.
